Ultra-compact rear wheel drive powerchair

AVIVA RX10

Control, confidence and independence every day.

Introducing the AVIVA RX10 ultra-compact rear-wheel drive power chair designed to support effortless control in any environment.

Narrow, intuitive and reassuring to drive, it's built to deliver comfort and reliable performance.

AVIVA RX10

Design. Technology. Performance.

The new exciting member of the AVIVA RX range. The RX10's compact base supports stable, controlled performance, helping you drive with confidence and in comfort everyday.

539 mm*

Driving unit width

Ultra-compact design

With the shortest and narrowest wheelbase in the series, the AVIVA RX10 negotiates indoor spaces with ease. Moving from room to room, around corners or turning 360°, the ultra-compact design makes manoeuvrability effortless in the tightest of spaces.

Comfort and control

14" drive wheels, a choice of 8 or 9" castors and a 75A power module ensure you drive in comfort and control at all times. From indoor surfaces to outdoor terrain, the RX10 offers a simple mobility solution without compromise.

Minimalist design

With simplicity at its core, the minimalist design of the AVIVA RX10 has specifically been developed, to give you discreet and dependable mobility wherever you go.

AVIVA RX10

Easy set up with **Action**® seating.
